

Kindergarten

NEWSLETTER June 2013

Kindergarten is the first step to the child's education. In Primus Kindergarten we play, learn and grow together. We want our students to develop self-confidence and self-discipline. We build a strong foundation for the child's future.

We are happy to inform you that our tiny tots have settled well in the environment. Thank you for all your support. Our teachers are taking care of the holistic development of children through music, dance and P.E.

Rhymes

Johnny Johnny...

Father finger...

Where is thumbkin?

Wheels on the bus...

If you 're happy and you know..

Music, dance and games.

Themes

Back to school - We spoke about how we spent our summer holidays and the mode of transport that we use to come to school. We also spoke about Father's Day and the children made book marks for their father.

Environment day

We spoke about the meaning of environment and how to preserve our trees. Children agreed to plant a seed and take care of them. All the children were dressed in green. We made cards and paper bags to celebrate environment day. Children agreed to tell their parents to reduce the use of plastic bags.

My Family

We discussed the meaning of the family, members in the family and big and small families. We made an Origami house and pasted the family pictures to show where the family lives.
