Themes for the month

Environment Day- Environment day was observed on 5th of June. We spoke about what is meant by Environment, how we can save and preserve plants and trees around us. We planted saplings and went for a nature walk. Children came dressed in green and we made a coaster with ice-cream sticks.

My Family & Parts of the body- We spoke about what a family is and different types of family. Children spoke about the members in their family. We also spoke about friends, school and parts of the body. We spoke about the five senses and how they are useful. We made finger puppets, pen stands with newspaper rolls, a family tree and last but not the least had a whistle lollipop as part of sensorial activity.
